

## THROUGH THE ENGINEER'S LENS

We know facility operators are always looking for strategies that lead to optimal building performance. At Denovo, we simplify the complexities of planning and implementing energy efficiency projects with a focus on achieving positive business outcomes with turnkey solutions.

## A NEW LENS ON INDUSTRIAL

Denovo serves as a trusted advisor helping clients hungry for smarter, more sophisticated efficiency solutions.

**Have a mechanical, electrical or plumbing (MEP) pain point?**

**Uncertain what future investment you will encounter with an aging system?**

Denovo's engineer-led project delivery model helps answer these questions. Providing the information necessary to make informed decisions for an accurate 3-5 year Cap Ex plan - enabling businesses to invest wisely.

## SYSTEM EXPERTISE

We are engineering leaders, passionate about using our progressive approach to deliver value.

### LED Lighting and Controls

- Reduced Energy Usage
- Improved Visual Conditions
- Decreased Maintenance Costs
- Increased Worker Productivity

### Air Rotation Units

- Economical Way to Condition Large Spaces
- Significant Operational Cost Savings
- Long Product Life & Limited Maintenance
- Improved Employee Retention

### Our full range of system experience also includes:

Geothermal	Solar Thermal	Process Ventilation
Heat Recovery	Compressed Air	Electrical
Defrost	Steam Systems	Variable Frequency Drives

## HOW WE SERVE THE GAP

Think Tank Consulting  
Energy-Based Strategy  
Facility Assessments  
MEP Engineering Design  
Technology Design  
Renewable Energy Systems Design  
System Start Up and Commissioning  
Service and Maintenance

### PROUDLY SERVING

### ENERGY ADVISOR

# WE SEE THINGS DIFFERENTLY

Driven by an entrepreneurial spirit to break conventional thinking, Denovo delivers value added solutions only a team of fearless engineers and veteran managers can see.

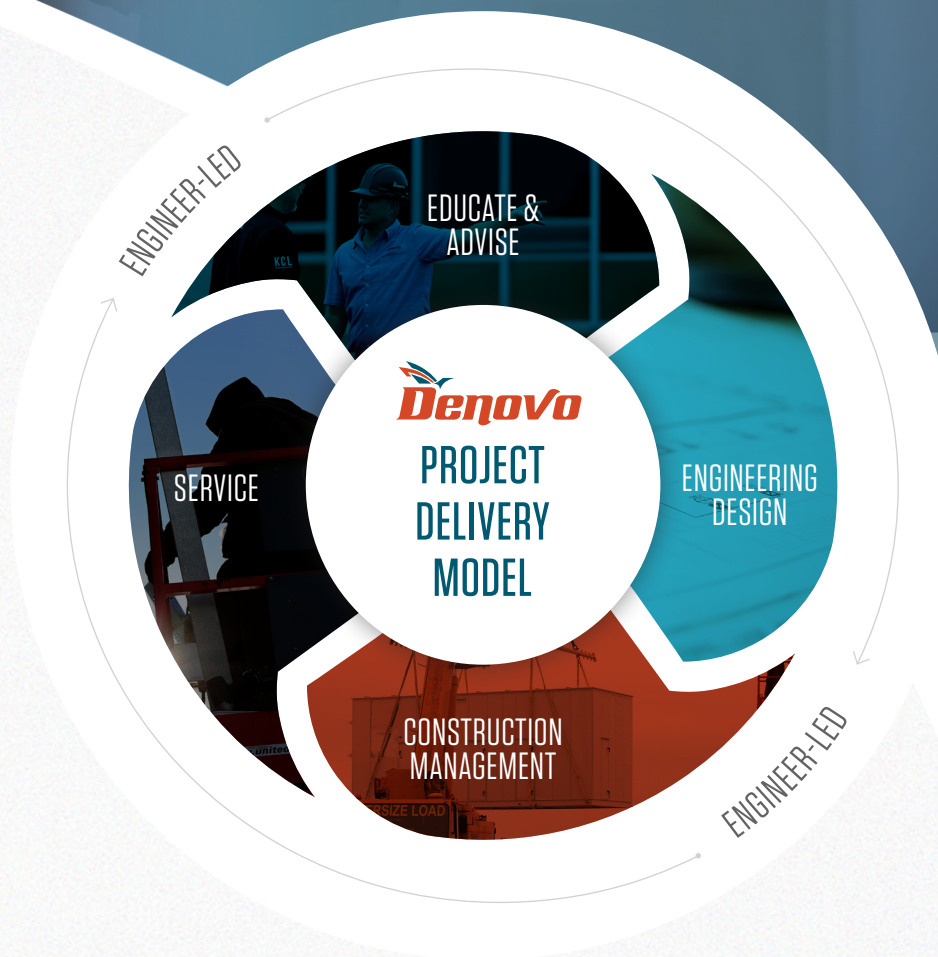

## UNPARALLELED RESULTS

Team Denovo's exemplary people, progressive industry experience, engineering intelligence, and proven construction practices all help navigate the complexities of facility planning for businesses.

**LIKE NO ONE ELSE CAN.**

## MARKETS SERVED

Industrial  
Commercial  
Hospitality  
Animal Agriculture  
Senior Living/Healthcare
