APPROPRIATE QUALIFICATIONS & SKILLS

- 10+ years of experience in commercial construction.
- 5+ years of experience as a construction superintendent.
- Ability to work with and manage a large team of contractors and subcontractors seamlessly on a tight construction schedule.

PROJECT ACCOUNTANT

Perform various functions related to construction projects including budget set-up, project billing, monitoring the progress of projects financially, investigating variances, lien waiver management, contract management, and change orders.

APPROPRIATE QUALIFICATIONS & SKILLS

- Bachelor's Degree in Accounting, Finance, or closely related field.
- Demonstrate an understanding of Generally Accepted Accounting Principles.
- Construction Accounting experience is a plus.
- This employee will be detail-oriented with the ability to work independently as well as with others in a professional manner.

BUSINESS DEVELOPMENT EXECUTIVE (K-12)

We are seeking a true Hunter/Sales Closer who is collaborative, and a creative problem solver, and who understands the necessary steps to gain customer validation using your business acumen and passion for serving customers. The BD Executive will help districts plan, execute, and improve their long-range facility needs and energy efficiency and sustainability initiatives. Open to remote locations with anticipated travel of up to 50%.

APPROPRIATE QUALIFICATIONS & SKILLS

- Experience in developing turn-key projects with focus on Programing, Master Planning, Facilities, and/or Design/Engineering.
- Design experience with an emphasis on Client Engagement, Client Leadership, and Sales is desired.
- Understanding of energy code, fire and life safety, K-12 financing, state rules, regulations, best practices, and performance standards
- Five (5) years of B2B sales experience..

PROJECT ENGINEER

This position reviews design and bidding documents, evaluates contractor bids, and oversees construction progress including scheduling and budget allocations. Additionally, the Project Engineer provides technical support to construction staff under the supervision of the Project Manager. Projects range in size from \$5M to \$25M+ and are typically in the municipal, K-12 and commercial markets.

APPROPRIATE QUALIFICATIONS & SKILLS

- Organizational skills & attention to detail to manage multiple projects along side project manager(s).
 - Recent graduate with Construction Engineering, CM, or other relevant engineering degree.
 - 1-2 years of construction experience is a plus.
-

PROJECT DEVELOPER / PROGRAM MANAGER

Works closely with the Owner and Business Development Executive to provide integrated and effective service delivery to support facility programming, design, pre-construction and operations planning. The position provides innovative leadership and vision in the partnership between the client and consultants and addresses the complex challenges of facility improvement.

APPROPRIATE QUALIFICATIONS & SKILLS

- In-depth knowledge and experience in architectural design development and pre-construction duties.
 - Excellent interpersonal and communication skills that includes reporting to senior level management, project stakeholders, and public inquiries
 - Demonstrated understanding of budgeting and funding compliance.
-

MECHANICAL DESIGN-BUILD SALES / PROJECT MANAGER

We are currently seeking an experienced sales manager to be responsible for overseeing and developing a sales strategy to drive company revenue in the Mechanical Design-Build market. This position is responsible for the attainment of sales objectives in the hospitality, senior living, and healthcare markets.

APPROPRIATE QUALIFICATIONS & SKILLS

- Demonstrated ability to effectively and constructively communicate across departmental disciplines while pursuing contract department goals
 - Two to four years' experience directly related to contract administration, preferably within the construction sales industry.
-
